This program is designed to alleviate some of a landlord's financial risks in leasing to vulnerable tenants using housing vouchers*. There is a limited amount of funding for our first round of enrollees. This program is NOT a recurring rent assistance program, nor is it meant to replace security deposits or a landlord's private insurance. There are more details in the online enrollment form.

Benefits include a one-time bonus of \$500 for each unit newly leased to someone ending their homelessness and up to \$1,000 per unit for verified repairs beyond reasonable wear and tear and in excess of the security deposit during a tenant's first or second year of residency.

THREE SIMPLE STEPS

1

Enroll in the Housing Stability Program through a simple online form

Receive \$500 for taking a housing voucher*

2

We hope you stop right here and have a long term tenant but...

3

if the tenant leaves & repairs are needed, you may qualify for more funding
